

# Weather Policy

The pool will be cleared immediately at the first sign of lightning.

At that point, a 30 minute wait will begin. For each sound of thunder or sign of lightning, there will be a 30 minute wait.

After the 30 minute wait, if there is no further lightning or thunder, the pool will open; otherwise the pool will close for the duration of the storm, opening at a later time if weather improves.

Solomon Municipal Pool will open if the air temperature is 70° F or warmer and the sky is clear. Additional factors such as water temperature and the forecast for the day will also be taken into consideration.
